

Why It's Better To Toast It

Toast 6 — All the power, performance, and simplicity you've loved for over 10 years, with these exciting new enhancements:

Plug & Burn™

Effortlessly turn your DV camcorder footage into a Video CD, Super Video CD, or DVD. Plug in your camera and a weekend's worth of video becomes a finished disc, automatically.

ToastAnywhere™

Share CD or DVD burners across a network or the Internet with other Toast 6 Titanium users. A single burner can now serve an entire home or office.

Motion Pictures

Turn your still photos into stunning media shows complete with Hollywood-style pan and zoom motion effects, cross fades, and soundtracks. Create an exciting cinematic experience with ease.

Deja Vu

Back-up, protect, and secure your precious data. Schedule regular automatic back ups, so you have the piece of mind that your files and folders are always safe and available.

Toast It™

Save time by burning your files and folders directly from the desktop with a single-click, pop-up menu. Now Toast is available immediately, whenever you need it.

Data Made Safe, Copies Made Simple

- **New:** Back-up folders and files to CD, DVD, networked, or Web storage, automatically.
- **New:** Compress your data up to 50%¹ on CDs or DVDs.²
- **New:** Secure your data with 128-bit encryption and password protection.²
- **Improved:** Copy any unprotected CD or DVD with a single click.

¹ Results vary depending on source files.

² Compression and encryption available on "Mac only" CDs and DVDs.

Music Made Perfect

- **Improved:** Drag & drop any audio files³ or iTunes tracks into Toast's Universal Audio Converter to create perfect audio or enhanced audio CDs.
- **Improved:** Digitize your vinyl records and tapes, or record live audio performances, with a completely re-engineered CD Spin Doctor® 2.
- **Improved:** Reduce noises, pops, and clicks. Enhance the sound with included filters, or add your own 3rd party VST effects.
- **Improved:** Design personalized disc labels, case covers, and inserts.

³ Any QuickTime audio file format or QuickTime audio codec plug-in.

Photos Made Fun

- **New:** Motion Pictures software turns your still photos into stunning media shows. Automatically add Hollywood-style pan and zoom effects, cross fades, and soundtracks.
- **Improved:** Preserve your precious photos to CD or DVD, and share photo discs with Mac or PC users.
- **New:** Drag & drop directly from your hard drive or iPhoto library to create fast and easy full screen slide shows and watch them on a home DVD player or computer.

Videos Made Easy

- **New:** Create Video CDs, Super Video CDs, or DVDs, with menus, buttons, and chapters, and view them on a home DVD player or computer.
- **New:** Plug & Burn™ and create video discs directly from your DV camcorder content, automatically, and effortlessly.
- **New:** Drag & drop any video file⁴ or your iMovie into Toast's Universal Video Converter.

⁴ Any QuickTime video file format or QuickTime video codec plug-in.
