VIDEOWAVE® 7
PROFESSIONAL

CAPTURE & ORGANIZE

- SmartScan™ saves time and disc space. Preview and capture only the scenes you want from a DV camcorder.
- Plug & Burn™ automatically captures video and burns a DVD complete with menus in just two clicks.
- Media Manager™ automatically collects and organizes all your photos, video and music.
- Enjoy a broad range of output formats, including: DivX, MPEG-1/2/4, and Dolby® Digital sound.

Hollywood-style Video Made Easy

VideoWave® 7 Professional makes it easy to produce movies complete with music, transitions, special effects, text credits and Hollywood-standard Dolby® Digital sound. Author and burn professional quality DVDs with animated menus and resizable buttons. VideoWave 7 Professional — the only video editing software you need.

EDIT YOUR WAY

Advanced timeline editing supports up to 14 tracks and in-place editing

- Choose from 3 editing modes to suit your style:
  - Timeline editing gives you full control of all the digital media in your production.
  - StoryBuilder™ delivers easy-to-use template-based editing.
  - CineMagic® is a completely automated editor that transforms your favorite video footage and a music track into a polished 'music video' complete with effects and transitions.
- Add professional polish with text editing and over 300 transitions and special effects.
- Edit on disc – add or delete content from previously recorded DVDs.
- Smart MPEG rendering saves you time during MPEG2 editing while preserving the quality of files.

BURN & SHARE

- Powerful DVD authoring tools make it easy to add a personal touch to your DVD: move and resize menu buttons, add animated backgrounds, titles and text credits.
- Roxio's best selling burning technology makes it fast to burn VCDs, SVCDs, and DVDs.
- Customize your discs with labels and inserts.
- Play back your movies in home DVD players in the comfort of your living room or post your productions to an online sharing site.

Minimum System Requirements:
- Microsoft® Windows XP (Service Pack 1 or later) or Windows 2000 (Service Pack 4 or later)
- 1.2 GHz Intel® Pentium III or equivalent; 256 MB RAM (1.6 GHz Intel® Pentium 4 or equivalent required for real-time MPEG2 capture & burning)
- 1 GB of free hard disk space for typical installation of all components
- 1 GB of free hard disk space for every 5 minutes of video for video capture
- 1024x768, 16-bit color graphics card; 24-bit or 32-bit true color recommended
- DVD or CD-ROM drive
- 16-bit Windows compatible sound card
